#### **Purpose of Treatment:**

#### **Nature of Treatment:**

Chiropractic care may involve the following:

- Spinal adjustments/manipulations
- Soft tissue therapy

- Postural training
- Other therapeutic modalities as recommended by the chiropractor

I understand that the chiropractic treatments may cause some discomfort or soreness as part of the healing process, which should resolve within a few days.

#### **Risk and Benefits:**

As with any form of medical treatment, there are potential risks involved, including but not limited to:

- Temporary soreness or discomfort
- Bruising or Strain
- Risk of injury due to manipulation of the spine or joints

The benefits of chiropractic care can include pain relief, improved mobility, and enhanced physical functioning. However, results are not guaranteed, and success varies from patient to patient.

# HALEY CHIROPRACTIC CLINIC PAYMENT POLICY

PATIENT'S WITHOUT INSURANCE OR INSURANCE THAT DOES NOT COVER CHIROPRACTIC CARE: Patients are expected to pay for services in full at the time services are rendered. If any questions regarding these fees have not been answered please let us know and we will be happy to go over these fees with you. If payment arrangements need to be made, please consult with the office manager before making an appointment. A \$25.00 Service Fee may be applied to your account if estimated portion due is not received at time of service.

PATIENT'S WITH INSURANCE COVERAGE FOR CHIROPRACTIC CARE: If your private insurance policy provides chiropractic benefits, we will be happy to submit a claim to them for you. In accordance with our contracts with all insurance companies, you are responsible for paying your portion at the time of service. Your estimated portion will be calculated by the benefit deductibles, co-pays and/or a specific percentage your insurance company has established for your individual policy. If we are not in contract with your specific insurance and/or plan, you are responsible for all charges. Please discuss any need for payment arrangements with our office manager before scheduling your next appointment. Please let us know if you have new insurance since your last visit. If not informed at the time of service of your current insurance information, and a claim needs to be reprocessed due to incorrect billing information a \$25.00 Service Fee will be apply to your account. It is the Patients responsibility to know their own benefits. We may look up your benefits as a courtesy. This is not a guarantee of benefits and/or payment due. This is subject to only the information available to us through the website. The amount you will be charged for services rendered is based on the contract between you and your insurance company.

BILLING SCHEDULE: Statements will be mailed every month to patients with balances due after all explanations of benefits are received from your insurance company(s). If patient payments are not received after the first notice is sent to you, a billing fee may be charged to your account for every 60 days your account is past due. If a payment from you is not made within 120 days of your first notice, your account may be turned over to a collections agency.

WORKERS COMPENSATION AND MOTOR VEHICLE COLLISION INJURIES: Please notify us if you have been injured on the job or in a motor vehicle accident. Worker's compensation does cover necessary chiropractic treatments if your claim has been approved and is currently open. A new claim will require necessary forms to be completed by the patient and the doctor before it will be considered by the worker's compensation department. If your injury claim is not allowed it is your responsibility to pay any outstanding balances. Your auto insurance company will pay for any necessary chiropractic treatment if you have "PIP" (Personal Injury Protection) coverage included in your auto insurance policy at the time of injury. You must file a claim with your auto insurance company and complete and return a "PIP" application to them before they will issue any payment towards your account. Workers compensation/auto insurance policies will not cover any cost incurred by retail charges (I.E Braces, No Show fees, ice packs, bio freeze, etc.)

I have read the above policies of Haley Chiropractic clinic and fully understand that I am responsible for the payment of my account. If a minor, a parent or guardian must sign this form and be responsible for payment.
